Flex Integral 5416

5415

5414

Our products are designed to meet the highest standards of quality, functionality and design. We hope you entirely enjoy your new Braun shaver.

Caution

- Do not use the shaver near, or over, basins filled with water (e. g. bath tubs, showers etc.).
- For safety reasons, periodically check the cord for damage and replace it, if it is loose in the shaver socket.

1 Description

- ① Foil protection cap
- ② Triple shaving frame
- ③ Duo cutter block
- ④ Pop-out long hair trimmer
- ⑤ Switch lock
- ⑥ On/off switch
- ⑦ Charging light (green)
- ⑧ Low-charge light (red) (only 5416/5415)
- ⑨ Shaver socket
- ⑩ Switch for locking the swivel head («head lock») and for activating the pop-out long hair trimmer («trimmer»)
- ⑪ Release button

2 Charging the shaver

- For the 3 first chargings: Connect the shaver to the mains and charge it for at least 4 hours (switch position «off»), then shave without the cord until the red low-charge light lights up. (Model 5414: Shave without the cord until the shaver runs distinctly slower.)
The full capacity is only reached after several charge/discharge cycles.
- Subsequent charges will take approximately 1 hour.
- Wattage: 5 Watts
Voltage range during charging: 12–240 V Q / 50 or 60 Hz (automatic adaption)
Best environmental temperature range for charging: 15 °C to 35 °C

3 Pilot lights

- The green charging light indicates that the shaver is connected to the mains. After the cell unit is fully charged, the green charging light goes off. If later on, the charging light comes on again, this indicates that the shaver is being recharged to maintain its full capacity.
- **Model 5416/5415 only:**
The red low-charge light lights up when the capacity has dropped below 20 %, provided the shaver is switched on. The remaining capacity will then be sufficient for 2 to 3 shaves.

4 Shaving

4.1 Switch lock

The shaver is delivered with the switch lock activated (position «lock»). Push the switch lock up before you shave for the first time. To avoid accidentally switching the shaver on, e. g. when travelling, push the switch lock to position «lock».

4.2 Switch positions

off

on

Shaving with the pivoting head.
The pivoting cutting system automatically adjusts to every contour of your face.

head lock

Shaving with the pivoting head locked (to permit shaving in difficult areas, e.g. under the nose)

trimmer

The long hair trimmer is activated (for trimming sideburns, moustache and beard).

4.3 Shaving with the cord

If the cell unit is discharged, you may also shave with the shaver connected to the mains (100–240 V ~). (If the shaver should not run immediately, charge it with the switch position «off» for approx. 1 minute.)

Tips for the perfect shave

- We recommend to shave before washing, as the skin tends to be slightly swollen after washing.
- Hold the shaver at right angles (90 °) to the skin.
- Stretch your skin and shave against the direction of beard growth.

5 Keeping your shaver in top shape

5.1 Cleaning

- After shaving, switch the shaver off. Press the release button, take off the triple shaving frame and gently tap it out on a flat surface.
- Then thoroughly clean the duo cutter block with the brush as well as the inner area of the pivoting head. About every four weeks, clean the duo cutter block with Braun cleaning agents.
- If you have a very dry skin and you notice a reduced operation time of the shaver, you should put a drop of sewing machine oil onto the triple shaving frame.

5.2 Changing the shaving parts

To maintain optimum shaving performance, we recommend to replace the triple shaving frame and the duo cutter block every 1 1/2 year or when these parts are worn.

5.3 Preserving the cell unit

- In order to maintain the capacity of the cell unit, the shaver has to be discharged by shaving every 6 months approximately. Then recharge the shaver to full capacity again.
- Do not expose the shaver to temperatures of more than 50 °C for longer periods of time.

6 Accessories

(available from your dealer or at Braun Service centres)

6.1 Wall holder with charge control

6.2 Charging cord as of 12 V

(for boat or car, No. 5-001-687)

Recharging with this cord takes about 20 hours.

7 Environmental notice

This appliance is provided with a nickel-hydride cell unit. This cell does not contain any harmful heavy metals. Nevertheless, please do not dispose of this appliance in the household waste at the end of its useful life. Disposal can take place at a Braun Service Centre or appropriate collection sites. However, if you prefer to dispose of the cell unit yourself, remove the cell unit as shown. Caution! Opening the appliance will definitely destroy it.

Subject to change without notice.

This product conforms to the EMC-Requirements as laid down by the Council Directive 89/336/EEC and to the Low Voltage Regulation (73/23 EEC).

Garantie

Als Hersteller übernehmen wir für dieses Gerät – nach Wahl des Käufers zusätzlich zu den gesetzlichen Gewährleistungsansprüchen gegen den Verkäufer – eine Garantie von 2 Jahren ab Kaufdatum. Innerhalb dieser Garantiezeit beseitigen wir nach unserer Wahl durch Reparatur oder Austausch des Gerätes unentgeltlich alle Mängel, die auf Material- oder Herstellungsfehlern beruhen. Die Garantie kann in allen Ländern in Anspruch genommen werden, in denen dieses Braun Gerät von uns autorisiert verkauft wird. Von der Garantie sind ausgenommen: Schäden durch unsachgemäßen Gebrauch, normaler Verschleiß und Verbrauch sowie Mängel, die den Wert oder die Gebrauchstauglichkeit des Gerätes nur unerheblich beeinflussen. Bei Eingriffen durch nicht von uns autorisierte Braun Kundendienstpartner sowie bei Verwendung anderer als Original Braun Ersatzteile erlischt die Garantie. Im Garantiefall senden Sie das Gerät mit Kaufbeleg bitte an einen autorisierten Braun Kundendienstpartner. Die Anschrift für Deutschland können Sie kostenlos unter 00800/27 28 64 63 erfragen.

English

Guarantee

We grant 2 years guarantee on the product commencing on the date of purchase. Within the guarantee period we will eliminate, free of charge, any defects in the appliance resulting from faults in materials or workmanship, either by repairing or replacing the complete appliance as we may choose. This guarantee extends to every country where this appliance is supplied by Braun or its appointed distributor.

This guarantee does not cover: damage due to improper use, normal wear or use as well as defects that have a negligible effect on the value or operation of the appliance. The guarantee becomes void if repairs are undertaken by unauthorised persons and if original Braun parts are not used.

To obtain service within the guarantee period, hand in or send the complete appliance with your sales receipt to an authorised Braun Customer Service Centre.

For UK only:

This guarantee in no way affects your rights under statutory law.

Français

Garantie

Nous accordons une garantie de 2 ans sur ce produit, à partir de la date d'achat. Pendant la durée de la garantie, Braun prendra gratuitement à sa charge la réparation des vices de fabrication ou de matière en se réservant le droit de décider si certaines pièces doivent être réparées ou si l'appareil lui-même doit être échangé. Cette garantie s'étend à tous les pays où cet appareil est commercialisé par Braun ou son distributeur exclusif.

Cette garantie ne couvre pas : les dommages occasionnés par une utilisation inadéquate et l'usure normale. Cette garantie devient caduque si des réparations ont été effectuées par des personnes non agréées par Braun et si des pièces de rechange ne provenant pas de Braun ont été utilisées.

Pour toute réclamation intervenant pendant la période de garantie, retournez ou rapportez l'appareil ainsi que l'attestation de garantie à votre revendeur ou à un Centre Service Agréé Braun.

Appelez au 01.47.48.70.00 pour connaître le Centre Service Agréé Braun le plus proche de chez vous.

Clause spéciale pour la France

Outre la garantie contractuelle exposée ci-dessus, nos clients bénéficient de la garantie légale des vices cachés prévue aux articles 1641 et suivants du Code civil.
